

CNC Automation Simplified

Demystifying the Machine Shop of the Future

Open House Event Details

What:

Our next Open House is designed to give the machining and manufacturing world effective/hands-on experience with the technologies and ideas that are driving the future of machining.

Who Should Attend:

Forward thinking machine shop leaders and their key staff.

When:

Tuesday, July 12th and Wednesday, July 13th

Where:

FUSION/RoboJob USA offices
6951 High Grove Blvd.
Burr Ridge, Illinois 60527.

Why Attend:

At this event, forward thinking machine shop leaders can:

- Hear prominent business leaders share valuable insights
- Learn from peers who have already taken their shops into the future
- Get hands on experience with CNC machine tending robots
- Network with best-in-class peers
- Explore business solutions from select providers

Format:

This event is a departure from what we've done in the past. Our goal is to give attendees greater value and more depth of experience in a more relaxed setting.

Tickets are free, but you must register to attend.

Summary

More than just the impact of the supply chain and reshoring, American manufacturing is being dramatically reshaped. Global competition has never been tougher.

What is happening in America now happened in Europe ten years ago. We have brought in machine shop experts from Europe to share their expertise and insights.

Forward thinking machine shop leaders want to see where the future is headed so they can guide their business to the success they want. This event provides you with a unique perspective on the future that you won't get anywhere else.

You can come either day.

Agenda:

Tuesday July 12th

- 8:00AM-9:00AM **Coffee and Networking**
- 9:00AM-9:30AM **Introduction & Keynote**
-  *Productivity, Automation, Workforce: Trends that will influence the future of manufacturing* - David Boulay IMEC President
